

The following details the IXCWRC privacy policy, which will help you understand how the IXCWRC protects the data and information you provide when you visit and use the www.IXCWRC.org website.

We reserve the right to make changes to this policy any moment, of which you will be notified.

The website www.IXCWRC.org is used for advertising the conference, providing the registrants with logistics information and the conference program, and collecting the contact information of all the participants. The website will also be used for the registration of the attendees, abstract submission and for indicating hotel choices and personal information, such as, but not limited to, name, affiliation, position, gender identification and credit card information. The logistics information of the conference, as well as your name and affiliation, and the other abstract information that you will provide on the website will be accessible to registrants only. The abstracts of posters and talks will be compiled in an electronic booklet that will be made available to registered attendees.

Other information provided by registrants will not be disclosed on the website, nor made available to other attendees or third parties, and will be securely collected and stored by Eventbrite, a PCI-DSS 3.2.1 Level 1 compliant service provider. The credit card information will be dealt by Eventbrite, will not be made available to the conference organizer nor shared with a third party.

Abstract details will be securely collected and stored using the Microsoft Office 365 platform under the MSU Spartan 365 agreement that is compliant with FERPA and HIPAA regulations. Poster and event data will be shared with registrants through email and Microsoft Office 365.

For the registration to be completed, the attendees will be asked to abide to a code of conduct, publicly available on the website, which will request the attendees to behave collegially and respectfully at the meeting.
